19 May 1992

### To whom it may concern

Messrs Rupert Douglas-Bate and Tim Walton were sponsored by World Vision of Britain to conduct these assessments in Albania and write up project proposals for possible ODA funding.

This work was completed, and the following project proposals were written up:

1. Emergency Seed Inputs - £140,090
2. Emergency Rehabilitation of Health Care Services - £138,090
3. Appropriate Mechanisation of Agriculture - £413,400
4. Emergency Hospital Rehabilitation - £230,490

The keen interest of these 2 gentlemen in Albanian needs, and their evident skills presented an opportunity for us to support the assessment and resulting projects, as our previous attempts to develop projects there had for practical reasons not materialised. Two of these projects, 1 and 2, have already been submitted to the Disaster and Refugee Unit of ODA.

However, intervening factors have led us to withdraw from these projects. One aspect is that the expected funding from ODA is much less than was originally hoped for, and the demand on our private income would be unmanageable. In addition, staff changes have undermined our ability to proceed effectively.

We therefore commend these projects to any organisation who may be able to use them in any way. We are confident that Messrs Douglas-Bate and Walton would provide competent services to ensure the implementation of these projects to a good standard.

Yours sincerely

Jeff Thindwa  
Director, Relief & Development
