Dear Robert

**EC STUDY FOR THE RETURN OF REFUGEES AND INTEGRATED
PROGRAMME - UNA SANA CANTON AND BANJA LUKA.**

I want to thank you for your contribution towards the EC study. I hope you found the study interesting. I appreciated your hard work and support during what was an intense period for all concerned. The final product has just been sent to Brussels. It turned out to be a detailed and interesting document which you should feel justly proud of. I thought you might like to see a copy of the Executive Summary which is enclosed. I would be grateful if you treat this with the commercial confidence that it deserves.

I will keep in touch and let you know how we get on with our implementation bid to the EC. In the meantime your expense claim has been forwarded for payment along with your contract. If you have any queries please do not hesitate to get in touch with Paul W or myself.

Once again thank you for your support

Yours as usual
AJW
